

BLANKET PINS

WARNING

Cancer and Reproductive Harm: www.p65warnings.ca.gov

KEY FEATURES

- ✓ Constructed of ultraviolet stabilized fibreglass reinforced polymer
- ✓ Shotgun Stick Compatible
- ✓ Convenient holes in handles to attach warnings, tags, and/or flags
- ✓ Hot Stick clip version

Blanket Clamp Pins are used to hold insulating blankets and other types of rubber coverups in to place. The extra holes in the centre of the body are used to grip conductors and prevent linehose from sliding. The handles of the pin are shaped to engage into the end ferrule of a clampstick (shotgun stick).

Also available with Hot Stick clip.

BLANKET PINS

Slingco Part No.	Length (in)	Jaw Opening (in)	Weight (oz)	Note
ZPE10962	9.5	5	5	
ZPE12136	9.5	5	5.4	with Hot Stick Clip

Dimensions

The figures shown are indicative only. Fully dimensioned data-sheets are available on request. Nominal figures/actuals are as per data-sheet with tolerances of +/-10%. Please contact us if you have any questions.

Range dimension overlaps

If the cable, rope or hose you have lies where ranges overlap, e.g. 1" when sizing is 0.5-1.00 and 1.00-1.5 we recommend that you select your cable grip to achieve break load first. If tensile strengths are equal or both adequate, choose the smaller of the two. Please contact us if you have any questions.
