

POLE CLAMP

⚠ WARNING

Cancer and Reproductive Harm: www.p65warnings.ca.gov

KEY FEATURES

- ✓ Unique handle lock system for easier installation
- ✓ Made of ultraviolet stabilized fibreglass-reinforced polymer
- ✓ Two sizes

Slingco Pole Clamps are used to hold insulating blankets and other types of cover-ups in place while performing work and is constructed of ultraviolet stabilized fibreglass-reinforced polymer.

Slingco's Pole Clamps are meant to eliminate the use of tie wraps, bungee cords, tapes or any other items that can cause damage to insulated rubber products.

With Slingco's unique tool handle lock system, the Pole Clamp can be set in an open position by engaging the handle lock. Once the product is in its intended location the lock can be released making installation easier.
