BRIDGE TYPE CABLE LAYING ROLLER

Slingco Part No.	Base footprint (mm)	Base footprint (in)	Height to top of roller (mm)	Height to top of roller (in)	Handle height (mm)	Handle height (in)
ZGP2395	305 x 240	12 x 9.5	180	7.125	255	10

Dimensions

The figures shown are indicative only. Fully dimensioned data-sheets are available on request. Nominal figures/actuals are as per data-sheet with tolerances of +/- 10%. Please contact us if you have any questions.

Range dimension overlaps

If the cable, rope or hose you have lies where ranges overlap, e.g. 1" when sizing is 0.5-1.00 and 1.00-1.5 we recommend that you select your cable grip to achieve break load first. If tensile strengths are equal or both adequate, choose the smaller of the two. Please contact us if you have any questions.
